And Approved Wireless Carriers
Offering Lifeline 135 Service

Re: Non-Verizon Local Exchange Carriers' Streamlined Annual
Lifeline Tracking Reports
Docket No. M-00051900

In accordance with the Commission's December 30, 2005 Final Order, Section 3015(f) Review Regarding the Lifeline Tracking Report, Accident Report and Service Outage Report, Docket No. M-00051900, the Commission approved a streamlined format for the annual Lifeline Tracking Report. The attached streamlined report format can be used as a worksheet.

You should file the Lifeline Tracking Report electronically at <http://pucksi.state.pa.us:40700/>.

The annual Lifeline Tracking Report is due after the close of the report year, **on or before June 30**. You will be unable to access the database after June 30.

Carriers who do not offer Lifeline during the report year should submit a "no Lifeline service" letter by the due date.

If you need a user ID and password to access the electronic database, or have difficulty using the webpage, please contact the Bureau of Consumer Services at PAPUC-Telco@pa.gov.
