Shop for your electric supplier and take control of your electric bill.

Saving just half a cent per kWh could translate into savings depending on how much electricity you use.

If you use 500 kWh per month you would save **\$30** per year  
If you use 1,000 kWh per month you would save **\$60** per year  
If you use 1,500 kWh per month you would save **\$90** per year

Log on to [www.PAPowerSwitch.com](http://www.PAPowerSwitch.com) to get all the information you'll need to make an informed decision, or call the PUC at **1-800-692-7380** if you do not have internet access.

You can also find other energy products, options, services and energy efficiency programs to meet your needs.

Note: The availability of competitive offers may vary depending on where you live.
