Re: Petition of PPL Electric Utilities Corporation for Clarification, or in the Alternative Amendment, of the Pennsylvania Public Utility Commission's Retail Markets Order at Docket No. M-2009-2104271

By Commission order entered August 11, 2009, PPL Electric Utilities Corp. (PPL) was directed to make certain changes to its operations in anticipation of the termination of the generation rate caps at the end of this year.¹ On September 23, 2009, PPL filed a Petition requesting clarification of our August 11 Order with respect to the requirement to update its customer list for electric generation suppliers. PPL states there is a conflict between the Commission's regulation pertaining to electric choice at 52 Pa. Code § 54.8 and the Commission's Order entered May 18, 1999 at Docket No. M-00991230 regarding *Procedures Applicable to Electric Distribution Companies and Electric Generation Suppliers During the Transition to Full Retail Choice*. PPL says the August 11 Order similarly conflicts with the Customer Information Disclosure regulation for Natural Gas Distribution Companies and information posted on our web site.

In light of these purported conflicts, it asks us to clarify the August 11 Order. It also asks that we give the Petition expedited consideration.

The Commission hereby states that any answers and any other responses pertaining to the Petition shall be filed with the Secretary not later than October 5, 2009. A copy of the Petition shall be posted on the Commission's web site <http://www.puc.state.pa.us/>.

Sincerely,
