

PENNSYLVANIA SAFETY VALVE NUMBERING RESOURCE REQUEST FORM

1. Certify existing numbering inventory cannot satisfy this specific request and/or requirement, and customer's request is not a "vanity number" request:

Name of Certifier _____
Company Name _____
OCN _____
Date _____
Telephone _____
Email _____

2. Indicate reason(s) for this safety valve request (check all that apply):

- Specific customer request—verified by attached confidential customer letter/document
- need specific block(s) / NXX(s) for internal dialing plan (e.g. NXX ending in 2)
 - equipment limitations (e.g. cannot use 0, 9 blocks)
 - need large block(s) of sequential TNs for business expansion/growth
 - wholesale / resale business arrangement
 - other customer requirement as explained in attachment
- SP technical requirement – verified in attached confidential document
- need TNs for specific technology (e.g., TLDNs, pre-paid service, test #s)
 - Location Routing Number (LRN) requirements
 - other technical requirement as explained in attachment
- Growth requirement – verified in attached confidential document
- new technology release
 - accelerated demand
 - market promotion
 - other growth requirement as explained in attachment

3. All requests will require NANPA/PA application request and associated denial and one of the following (check accompanying document):

- Customer letter - required for specific customer request
- SP technical requirement - documentation
- Growth request – documentation

Explanation for "Other" entry on check list:

Confidentiality Notice: This document and all attachment(s) are for the sole use of the intended recipient(s) at the PA PUC, and contain confidential and privileged information. Any unauthorized review, use, disclosure or distribution is prohibited. This confidentiality requirement does not apply to transfer of necessary data between the PA PUC and NANPA/PA.
