RULES AND REGULATIONS APPLYING TO ALL TERRITORIES SERVED (Cont'd)

12. RECONNECTION OF SERVICE

When the supply of gas to any customer is turned off due to the customer's failure to pay for regulated service or NGS provided natural gas supply charges purchased through the POR Program pursuant to Rate Schedule SATC Section F ("Lesser Of" calculation), for any other infraction of these Rules and Regulations or at the customer's request, and if there has been no change in ownership or occupancy of the premises served, the supply of gas will not be turned on until the customer or applicant has paid a reconnection fee of \$69.00. The Company will reconnect a residential customer or applicant's gas service in accordance with the general regulations of the Pennsylvania Public Utility Commission applicable thereto and in accordance with the Pennsylvania Public Utility Code. Company may determine liability for outstanding balance for residential gas service based upon the methods set forth in 52 Pa. Code §56.191 and Company records. (C)

If the supply of gas was turned off due to a non-residential customer's failure to pay for regulated service or NGS provided natural gas supply charges purchased through the POR Program pursuant to Rate Schedule SATC Section F ("Lesser Of" calculation) and if the former customer reapplies for service or if a court, district justice or administrative agency has determined that the applicant is legally obligated to pay for the service previously furnished, the supply of gas will not be turned on until the non-residential customer or applicant has paid all outstanding bills for service. (C)

The reconnection of service cannot be denied for the nonpayment of Natural Gas Supplier charges billed to the customer for services rendered by Rate Schedule SATS Suppliers if the Company did not purchase the receivables from the Supplier.

13. DISCONTINUANCE NOTICE BY CUSTOMER

Any customer who is about to vacate any premise supplied with gas, or who for any reason wishes to have service discontinued, shall give at least seven days' notice to the utility specifying the date on which it is desired that service be discontinued. The customer who fails to give proper notice shall be liable for all gas which passes through the meter, until: the account is terminated; another party occupies the premises and agrees to assume responsibility for gas service; or, the customer notifies the Company or the Company learns that he has or will vacate the premises, in which case he shall be responsible for gas used for the period, not to exceed seven days, before the company is able to discontinue service.

14. GAS DELIVERED UNDER HIGH PRESSURE

The rates contained in this tariff are based upon gas delivered under conditions generally applicable to low pressure service (four ounce base). Bills for gas metered under high pressure will be computed upon the volume as indicated by the meter registration increased to the equivalent volume at standard pressure.

15. BILLING

Bills will be rendered and will be payable once each month. The Company may read any meter once each month but ordinarily it will read meters of domestic and commercial customers once each two months.
