RE: Docket No. M-2012-2293611 (Pipeline fees)

Dear Rosemary Chiavetta,

I find it unacceptable and unfair that UGI wants to pass the infrastructure costs to the consumers re. pipeline fees. I also feel that the proposed exposed gas meters is a grave mistake as there are many car accidents involving meters, and vandalism is a constant threat. It also detracts from the area as people, at least in the historic district, are doing their best to make for a clean, cared-for neighborhood. I hope someone can be done that is fair both financially and aesthetically.

Many thanks, and good wishes,

Russell Jackson
