PETITION OF PECO ENERGY
COMPANY FOR APPROVAL OF ITS
SMART METER UNIVERSAL
DEPLOYMENT PLAN

DOCKET NO. M-2009-2123944

PETITION TO INTERVENE ON BEHALF OF
SENSUS METERING SYSTEMS

AND NOW COMES, **Sensus Metering Systems** ("Sensus"), by and through its counsel, **Scott H. DeBroff, Esquire** and **Alicia R. Duke, Esquire** of Rhoads & Sinon LLP, for the purpose of this "Petition To Intervene" with respect to this proceeding before the Commonwealth of Pennsylvania Public Utility Commission ("PUC" or the "Commission"). In support of this docket, Sensus avers the following:

1. **Sensus Metering Systems** ("Sensus") is a party interested in the above-captioned docket as a meter and communication technology provider which has participated in key initiatives to support the implementation of advanced metering throughout the United States and beyond.
2. Sensus, headquartered in Raleigh, North Carolina, is a leading global supplier provider of high-value metering, Automatic Meter Reading (AMR) and Advanced Metering Infrastructure (AMI) system solutions for gas, water, electric, and heat utilities.

3. Sensus is currently providing AMI systems and meters to more than 100 electric, gas and water utilities in North America. Sensus has participated in proceedings relating to AMI deployments in numerous states and understands the needs and interests of utilities nationwide.

4. Sensus was selected as a vendor in PECO's Smart Metering deployment in Pennsylvania and has actively participated in the Act 129 proceedings and stakeholder meetings to date.

5. *Sensus has a substantial and bona fide interest in the subject matter of this docket because it is one of the vendors for the Smart Meter deployment and its interests cannot be represented or protected adequately by other existing parties to this docket. Sensus may suffer an adverse effect as a result of the Commission's determination in this proceeding without intervention.*

6. Sensus' counsel and parties to whom all correspondence and pleadings in this docket should be directed to are:
