

Pennsylvania Public Utility Commission
400 North Street, 2nd Floor
Harrisburg, Pennsylvania 17120

May 16, 2015

Docket Number: L-2014-2404361

After having read the recent Advance Notice of Final Rulemaking (ANFR) released by the PUC, the same issues that raised our concern initially remain unresolved. Sunrise Energy does not wish to burden the Commission by re-submitting all prior comments on this proposed rulemaking, but our concerns have not changed. Please accept this letter as evidence that all prior comments on the proposed rulemaking remain in effect and should be addressed by the Commission prior to issuing a final order.

Regards,
