**MOTION FOR RECONSIDERATION AS TO  
ALL OTHER FEDERAL EXECUTIVE AGENCIES' MOTION TO INTERVENE**

On March 17, 2017, the United States Department of Defense and all other Federal Executive Agencies (“DoD/FEA”), by and through its legal counsel, requested leave to intervene in the above captioned matter. The Pennsylvania Public Utilities Commission granted the intervention for United States Department of Defense, but requested that the United States Department of Defense “produce appropriate authority to demonstrate that it is authorized to represent the interests of other federal executive agencies.” Without waiving any attorney-client privilege and with limitation as to not disclose any attorney-client privilege, the United States Department of Defense and all other Federal Executive Agencies (“DoD/FEA”) hereby responds to the Pennsylvania Public Utilities’ request. Pursuant to the Federal Acquisition Regulation (FAR) 41.103(a)(1), the General Services Administration is authorized to represent Federal agencies in proceedings before state regulatory bodies. See 48 CFR § 41.103 attached hereto as “Exhibit A”. Furthermore, under the “Procurement of Utility Services (Power, Gas, Water), Statement of Areas of Understanding Between Department of Defense and General Services

Administration,” the Department of Defense, in those instances where the Department of Defense does not have the sole Federal Government interest, has the authority to represent all executive agencies in a proceeding involving a public utility before a regulatory body when the Department of Defense and the General Services Administration agree that representation by the Department of Defense is in the best interests of the Federal Government. 15 FR 8227 (3)(k)(2) (1950) attached hereto as “Exhibit B”. The Department of Defense has intervened on behalf of all other Federal Executive Agencies in other proceedings before the Pennsylvania Public Utilities Commission. See PUC Docket No. R-0000-5199, Pennsylvania Public Utility Commission v. PG Energy (division of Southern Union Gas Co.). The Department of Defense has the authority to represent all other Federal Executive Agencies in this matter.

WHEREFORE, the United States Department of Defense and all other Federal Executive Agencies requests that the Pennsylvania Public Utility Commission reconsider the motion to intervene and grant all other Federal Executive Agencies leave to intervene as a full party in this proceeding, with all rights attendant to full party status.

Respectfully submitted,

This document is current through the March 29, 2017 issue of the Federal Register. Pursuant to 82 FR 8346 ("Regulatory Freeze Pending Review"), certain regulations will be delayed pending further review. See Publisher's Note under affected rules. Title 3 is current through March 3, 2017.

Code of Federal Regulations > TITLE 48 -- FEDERAL ACQUISITION REGULATIONS SYSTEM > CHAPTER 1 -- FEDERAL ACQUISITION REGULATION > SUBCHAPTER F -- SPECIAL CATEGORIES OF CONTRACTING > PART 41 -- ACQUISITION OF UTILITY SERVICES > SUBPART 41.1 -- GENERAL

### 41.103 Statutory and delegated authority.

---

#### (a) Statutory authority.

- (1) The General Services Administration (GSA) is authorized by [40 U.S.C. 501](#), to prescribe policies and methods governing the acquisition and supply of utility services for Federal agencies. This authority includes related functions such as managing public utility services and representing Federal agencies in proceedings before Federal and state regulatory bodies. GSA is authorized by [40 U.S.C. 501](#) to contract for utility services for periods not exceeding ten years.
- (2) The Department of Defense (DOD) is authorized by [10 U.S.C. 2304](#), and [40 U.S.C. 113\(e\)\(3\)](#) to acquire utility services for military facilities.
- (3) The Department of Energy (DOE) is authorized by the Department of Energy Organization Act ([42 U.S.C. 7251](#), et seq.) to acquire utility services. DOE is authorized by the Atomic Energy Act of 1954, as amended ([42 U.S.C. 2204](#)), to enter into new contracts or modify existing contracts for electric services for periods not exceeding 25 years for uranium enrichment installations.

(b) Delegated authority. GSA has delegated its authority to enter into utility service contracts for periods not exceeding ten years to DOD and DOE, and for connection charges only to the Department of Veteran Affairs. Contracting pursuant to this delegated authority shall be consistent with the requirements of this part. Other agencies requiring utility service contracts for periods over one year, but not exceeding ten years, may request a delegation of authority from GSA at the address specified in 41.301(a). In keeping with its statutory authority, GSA will, as necessary, conduct reviews of delegated agencies' acquisitions of utility services to ensure compliance with the terms of the delegation and applicable laws and regulations.

(c) Requests for delegations of contracting authority from GSA shall include a certification from the acquiring agency's Senior Procurement Executive that the agency has --

- (1) An established acquisition program;
- (2) Personnel technically qualified to deal with specialized utilities problems; and

Emily Medlyn

(3) The ability to accomplish its own pre-award contract review.

Administration. This shall not preclude representation for the Department of Defense by the General Services Administration when such representation is requested by the Department of Defense and is mutually agreeable.

(2) In those instances where the Department of Defense does not have sole Government interest in a proceeding involving communications before a regulatory body, the Department of Defense will conduct the representation on behalf of all executive agencies whenever representatives of the Department of Defense and the General Services Administration agree that conduct of the representation by the Department of Defense is in the best interest of the Government. Such representation conducted by the Department of Defense shall be subject to over-all coordination by the General Services Administration.

(3) Except as pertains to the applications of pertinent provisions of section 5, Public Law 211, 81st Congress.

k. Liaison between the Department of Defense and the General Services Administration for all matters involving representation of executive agencies in proceedings involving communications before regulatory bodies shall be maintained between the Office of General Counsel, General Services Administration and the Office of General Counsel, Department of Defense.

l. Liaison with regard to policy matters concerning this agreement and matters pertinent thereto except as provided in paragraph k, will be maintained between the Chief, Public Utilities Branch, Public Building Service, General Services Administration and Chief, Electronics Division, Munitions Board of the Department of Defense and for operational and contractual matters between designated representatives of the General Services Administration and of the Department of Defense.

m. This area of understanding is applicable to communications services within the Continental United States, Hawaii, Puerto Rico and the Virgin Islands. The Department of Defense shall be exempt from action taken by the Administrator with respect to communications services under section 201 (a) of Public Law 152 in other geographical areas.

PROCUREMENT OF UTILITY SERVICES  
(POWER, GAS, WATER)

STATEMENT OF AREAS OF UNDERSTANDING  
BETWEEN DEPARTMENT OF DEFENSE AND  
GENERAL SERVICES ADMINISTRATION

1. The areas of understanding herein set forth were arrived at in accordance with the President's order of July 1, 1949,

directed to the Secretary of Defense, the Director of the Bureau of the Budget, and the Administrator of the General Services Administration.

2. The understandings with respect to procurement, and matters related thereto, of these public utility services are:

a. Definitions as used in this statement:

(1) "Utility services" consist of electricity, natural and manufactured gas distributed by pipes, steam, sewerage, and water; but do not include communications, transportation or removal and disposal of garbage, rubbish, and trash.

(2) "Area contracts" are contracts providing for the furnishing of a utility service to all, or substantially all activities of the Government located within a specified area, executed by General Services Administration or by any other agency authoritatively acting for the General Services Administration.

(3) The "Department of Defense" includes the Secretary of Defense, and any other officials of the Department of Defense, particularly of the Munitions Board, Departments of the Army, Navy, and Air Force, authorized to act for him.

b. The basic purpose of the agreements and procedures outlined herein relating to utility services is that all these services shall be procured or provided at the minimum practical total cost to the Government, consistent with appropriate regard for high standards of health and sanitation, adequacy, efficiency of operation, and reliability of service. These latter requisites must be evaluated by the using agency.

c. Close coordination and cooperation between the General Services Administration and the Department of Defense shall be maintained to obtain the optimum of economy consistent with the necessity and urgency for the services.

d. Except as provided in paragraphs 2 (e) and (f) below, all utility services for activities of the Department of Defense will be provided or procured by the Department of Defense. However, the Department of Defense will inform General Services Administration of all new contracts contemplated for utility services for permanent installations.

e. Utility services for activities of the Department of Defense occupying property controlled or operated by another Federal agency will be procured or provided by the Department of Defense only if not procured or provided by the General Services Administration or the operating agency.

f. Utility services required by the Department of Defense activities in localities within an area where these services are or may become available under a General Services Administration area contract shall be procured thereunder unless otherwise agreed to between the Department of Defense and the General Services Administration.

g. The Department of Defense will provide for complete coordination of all utility services procured or provided by it for all activities of the Departments of the Army, Navy and Air Force, and for the optimum of economy consistent with exigencies and urgency of the occasion. Contracts of the Department of

Defense will be executed on standardized forms, in so far as possible, developed cooperatively and agreed to by the General Services Administration and the Department of Defense, with such exceptions and modifications as may be necessitated by the exigencies of the situation and special conditions bearing upon the matter. Copies of, and other pertinent data and information with respect to, contracts executed by the Department of Defense for utility services will be furnished to the General Services Administration upon request unless distribution thereof is inadvisable for reasons of security.

h. The Department of Defense will make recommendations to the General Services Administration whenever in its judgment an area contract may be of over-all benefit to the Government.

i. The Department of Defense, upon request and consummation of agreeable terms, will assist the General Services Administration in procuring utility services for other agencies of the Government which are located in the contract area.

j. Contracts involving the sale or furnishing of utility services to others by the Department of Defense will be executed by the Department of Defense. If such sale is to a public utility serving other government agencies, the General Services Administration will be notified of the proposed terms and conditions prior to execution of the contract.

k. Except as otherwise provided below, the General Services Administration will represent the Department of Defense and its agencies in proceedings involving public utilities before municipal, State and Federal regulatory bodies.

Exceptions. (1) In those instances where the Department of Defense has the sole Government interest in a proceeding involving a public utility before a regulatory body, the Department of Defense will conduct the representation on behalf of the United States Government. The Department of Defense will notify the General Services Administration of pending or proposed proceedings. Such representations conducted by the Department of Defense shall be subject to over-all coordination by the General Services Administration.

(2) In those instances where the Department of Defense does not have sole Government interest in a proceeding involving a public utility before a regulatory body, the Department of Defense will conduct the representation on behalf of all executive agencies whenever representatives of the Department of Defense and the General Services Administration agree that conduct of the representation by the Department of Defense is in the best interest of the Government. Such representation conducted by the Department of Defense shall be subject to over-all coordination by the General Services Administration.

l. Liaison between the Department of Defense and the General Services Administration for all matters involving representation of executive agencies in proceedings involving public utilities before regulatory bodies shall be maintained between the Office of General Counsel, General Services Administration

tion and the Office of the Judge Advocate General, Department of the Army; the Office of General Counsel, Department of the Navy; and the Office of the Judge Advocate General, Department of the Air Force.

m. Liaison with regard to policy matters concerning this agreement will be maintained between the Chief, Public Utilities Branch, Federal Supply Service, General Services Administration, and the Chief, Utilities and Fuel Division, Office of Construction, Munitions Board, Department of Defense.

n. This area of understanding is applicable to utility services within the Continental United States, Hawaii, Alaska, Puerto Rico, and the Virgin Islands. The Department of Defense shall be exempt from action taken by the Administrator of the General Services Administration with respect to utility services under section 201 (a) of Public Law 152 in other geographical areas.
