

1655 Fairfield Rd
Yardley, PA 19067

January 10, 2018

To whom it may concern:

Pennsylvania lags the nation in solar energy. We need more jobs ...solar jobs here, not in other states. Any action that benefits non-resident persons or entities is not in the best interest of our citizens. Please interpret ACT 40 as the legislature intended to benefit the residents of Pennsylvania. Do not grandfather any out of state party to benefit from our SRECs.

Respectfully submitted.

Dara Bortman
