Continued work on aligning the End User Migration guidelines to the adopted regulations.

DL/WP: Not able to reschedule the December meeting, working to schedule another meeting. Draft remedy plan sent to the group by a party on Friday.

No new regulatory updates.

JSC – had last 2005 meeting 12/15 discussed provisioning domain. Status sent to JSC group members. Party is working to schedule a 2006 meeting.

NY PSC Order – Party gave a presentation that provided a high level overview on NY PSC order issued in December. The entire order is on the NY PSC website (URL provided in the presentation document). One party suggested that it would be appropriate to provide more detail on an issue that was referred back to the NY CWG to research further. Other parties recommended that the PA PUC Staff review the NY Order, discuss the Appendix K issues with the NY PSC Staff, request the filed position statements of the parties, and decide on a plan of action in February.

A party proposed changing the frequency of the meetings to quarterly meetings Feb. May, August, and November. Parties will review the proposal. All parties are expected to provide feedback in February as to their acceptance, rejection, or alteration of the proposal to decrease the frequency of PA CWG meetings.

No additional agenda items for February.
