

**Pennsylvania Carrier Working Group
June, 2007 Meeting Notes**

NOTES:

- No amendments to the agenda
- April Minutes adopted
- No website comments
- End User Migration Guidelines – no update
- No comments on monthly C2C reported results
- Directory Listings – A party noted that the Directory Listing business has been spun off by Verizon. Parties did speak offline regarding financial issues. A party will review its last proposal and try to reconvene the DL WP subgroup, will report at August meeting.
- Regulatory updates – Notice was sent on June 4 of NY C2C Guidelines changes and related NY PSC order. PA PUC Folder 13 assigned for C2C changes.

An additional NY PSC order is expected in July, so the PA PUC will postpone scheduling until the next NY order is received. Parties do not foresee any implementation issues related to filing both orders simultaneously in PA.

- A party committed to provide data concerning metric BI-9 performance.
- A party made a presentation to the group proposing an alternate Performance Assurance Plan. The same party indicated it filed comments opposing adoption of the proposed PAP changes in PA.

Next Meeting is a conference call on August 7, 2007 at 10:00 AM
