

**Pennsylvania Carrier Working Group
October, 2006 Meeting Minutes**

NOTES:

Changes to Agenda – added a party's presentation on updating guidelines in PA.

August Minutes – The previously distributed Public Minutes adopted.

Website Comments – A party will be adding NY CWG notes to its website

End User Migration Guidelines – A party feels a recommendation must be made to the PUC to close out this issue. A party will create a document that represents the current understanding of the consensus of the group as relates to this item. A request was made of parties to update their contact information for informal dispute resolution as it relates to migrations.

C2C Reported Results – No questions or comments to report

DL/WP Status – One party indicated the group has stopped meeting. Another party indicated the latest proposal is being considered. Some parties feel disconnected from the process. Parties will contact each other to determine if this initiative should continue to be pursued by the group members.

Regulatory Updates – September 15 public meeting adopted the most recent guideline order.

K-S Test Analysis – ongoing stats meetings; parties reported the group's value is limited by a lack of participation.

PAP Update – NY issued a PAP order on September 25. Compliance filing for NY due on October 25. The NY Order will be discussed at the December 5 meeting in Harrisburg prior to setting any procedural schedule for PA. Docket will be folder 0011.

Billing Metrics – waiting for activity in NY to complete

Proposed process change – A party made a presentation relating to a proposal to change the procedures for filing of Guidelines Changes in PA.

New Items for December – None other than PAP presentation
