

**Pennsylvania Carrier Working Group  
December, 2006 Public Meeting Minutes**

**Changes to Agenda** – added presentation RE: updating guidelines in PA.

**October Minutes** – The previously distributed Public Minutes adopted.

**Website Comments** – A party indicated it had added NY CWG notes to its website

**End User Migration Guidelines** – Staff will create a document that represents its understanding of the consensus of the group as relates to this item for submission to the Commission.

**C2C Reported Results** – no comments for past two months' reports

**DL/WP Status** – Parties to discuss. PA CWG indicated that there hasn't been any forward progress in this group for more than six months.

**Regulatory Updates** – Parties reviewed presentations that described proposed changes to the C2C Guidelines and PAP. The CWG discussed these changes and asked questions that were answered during the meeting. The C2C changes were adopted by consensus. The C2C docket is Folder 12. These will be addressed by a Secretarial Letter, with a proposed issuance on December 6, 2006.

Comments will be due on December 14 and Reply Comments by December 22. The PAP changes will be considered in Folder 11. A proposed schedule for this docket is January 12, 2007 for Comments and February 13, 2007 for Reply Comments. Parties to review what had been previously filed in relation to other C2C and PAP changes to insure there is no overlap to the most recent filings and inform Staff of the outcome of the review. The previously filed Hot Cut PAP changes were not considered by the PA PUC and are included in these most recent PAP changes. That Hot Cut docket is managed as Folder 9.

**JSC Status** – next meeting scheduled for December 7.

**NY CWG Updates** – none

**K-S Test Analysis** – ongoing in NY CWG Stats meeting parties reported its value is limited by a lack of CLEC participation.

**Billing Metrics** – waiting for activity in NY to complete

**New Items for February** – Meeting Day changed to Wednesday (2/7) for February.
